RE: Soil Stockpile 3 CDL

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) soil Stockpile 3 Certification Design Letter (CDL).

This report provides the certification sampling and analysis strategy for the former soil Stockpile 3 footprint.

The document appears adequate and is consistent with other similar documents. Therefore, U.S. EPA approves CDL for soil Stockpile 3.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,

James A. Saric
